**To: KDPW_TR Participants
To Whom It May Concern**

Dear Madam or Sir,

we would like to kindly inform you that KDPW_TR is implementing the change in the 'Compression' field control (RTS 148/2013, field 2.11). This field becomes mandatory according to the ESMA's decision and the document "Dictionary data possible for reporting in trar.ins.001.01" (published on the KDPW website www.kdpw.pl in the tab Trade Repository -> Xml messages).

Starting from **27 April 2015** fulfilment of the 'Compression' field (in AT=N reports) will become mandatory. Its failure to comply with the allowed values 'Y' or 'N' or leaving empty will result in the report rejection.

The control described above will be available in the TSTB environment as from 3 April 2015.

Should you have any queries or doubts, please contact us at repository@kdpw.pl or/and tel.: +48 22 537 91 47, +48 22 537 93 30, +48 22 537 95 52, +48 22 537 91 30.

Yours sincerely
