Re.: Implementation of a new functionality at KDPW_TR

Dear Madam or Sir,

Please be informed that KDPW_TR is implementing modifications to the processing of the tabs “Archive” and “Searching and reports download” in order to improve the efficiency of the KDPW_TR system.

After the modification, no trades will be displayed after entering the tabs “Archive” and “Searching and reports download”. In order to display trade details, use filters and the new “Search” button, which works as follows:

- if a filter/filters is/are selected, reports will be displayed according to the defined criteria; and
- if no filter is selected, the application will display reports available to the user.

The functionality will be implemented and made available in the KDPW_TR production environment on Monday, 27 July 2015.

Should you have any doubts, please contact us by e-mail at: repository@kdpw.pl or by phone at: +48 22 537 91 47, +48 22 537 93 30, +48 22 537 95 52, +48 22 537 91 30.

Yours sincerely,

Joanna Matych

for the Director

of the Trade Repository Department
